As you may be aware, we are embarking on a new and innovative
program which we will launch within our Bay Community of Schools in 2020.

Sports in Schools Australia (SISA) is well known in our communities as a provider of high quality physical education programs with skilled staff and the latest, best quality specialised equipment.

In 2020, our Bay Community of Schools, comprising Biddabah PS,
Eleebana PS, Valentine PS and Warners Bay PS, will engage SISA to
provide a year-long program of engaging and exciting Physical
Education, Health and Wellbeing lessons for our students from
Kindergarten to Year Six. Each school will engage a SISA team of fully
qualified teachers, who will work closely with the school staff to deliver

qualified teachers, who will work closely with the school staff to deliver the new PDHPE syllabus.

As the SISA staff work with our students, our teachers will be afforded
valuable time for additional professional learning (APL) and collaborative
As the SISA staff work with our students, our teachers will be afforded
valuable time for additional professional learning (APL) and collaborative practice. Teachers will work and learn together to enhance pedagogy, analyse student learning and ensure high quality practices.

The SISA / APL program is one that delivers the best of high quality learning and educational experiences for our students and staff alike.

As a significant feature of our planned professional learning, our schools will each contribute $50 \%$ of the funds towards this valuable program making it affordable for families at only $\$ 50$ per child per semester.

We look forward to launching this program next year and are excited about the opportunities it will provide.

Kind Regards
Bay Community of Schools Principals
